UNISON:

- **Rejects Falkirk Council proposals which cut the pay and conditions of a significant group of members**

- **Condemns the decision to unilaterally impose single status proposals**

- **Calls for Falkirk Council to return to the negotiating table.**

- **Calls on the Scottish Executive to provide councils with the financial support to deliver equal pay**

Falkirk Council have brought single status discussions with trade unions to an end and issued 2892 dismissal notices.

Staff will have to choose between a cut in wages and conditions or no job in order to pay for Single Status.

UNISON members fully support equal pay but this will not be achieved by cutting the pay of low paid workers.
