Branches are reminded of the links between bottled water at work provider Eden Springs and Israel and are encouraged to ensure that your Branch and your employer do not use Eden Springs Water.

UNISON Scotland has removed it from all of its offices. Better still why not build a linkage to UNISON's Water@Work campaign and campaign for the removal of bottled water all together and call for the installation of mains fed water coolers. Mains water

are available at incredible value in the canteens of our Glasgow and Edinburgh Offices, at £1.50 for a bar of soap and £5.50 for 500ml of olive oil. Bulk orders can be arranged for branches. ## Scottish Committee agree to affiliate to the Burma Campaign

**T**his has been the biggest issue on the international scene in recent months. UNISON Scotland has been working with an organisation called Burmalink which has built up good links with Burmese trade unions. A number of other Regions are building links with Burmalink. The organisation does not yet have a website though one is on the way and is not an affiliate based organisation, yet. Members of the International Committee have already met with Burmalink's Peter Sagar and another meeting will be taking place in the next couple of months.

If you or your branch would like more info on Burmalink or you would like to come to the meeting with Peter to discuss joint working please contact Simon Macfarlane.

On the 6th of November the Scottish Committee agreed to affiliate to the Burma Campaign (<http://www.burmacampaign.org.uk/>).

UNISON submitted an emergency motion to the STUC's Women's Conference in Glasgow in November on Burma and one of our motions to the 2008 STUC Congress will be on Burma.

## Dundee's International Peace Day

**I**nternational peace day gave Dundee City Branch the perfect opportunity to get various campaign groups and organisations with a common interest together and to increase awareness in the local community.

Although the time scale for organising this event was extremely tight, the event went fantastically well. There were 15 stall holders from organisations including Oxfam, ACTSA, Jubilee Scotland, Greenpeace, Scottish Cuba Solidarity Campaign, Amnesty International, Dundee Coalition for Justice Not War/DCND, WDM, Quakers and Scottish Palestine Solidarity Campaign.

The event was held in Dundee's main square and visitors to the stalls were entertained by speakers and singers. The International Committee at its meeting on 2nd November 2007 sent warm congratulations to the Branch and Karen Grogan the Branch's International officer.

## Members and branches encouraged to support Amnesty International

**A**t the International Committee's recent seminar Tom Hedley of the Amnesty Trade Union Group encouraged branches and individual members to sign up for Amnesty's regular Urgent Action emails, which alert you to cases around the world where trade unionists are under threat or face persecution. If you or your branch want to sign up then please email [Shane.Enright@amnesty.org.uk](mailto:Shane.Enright@amnesty.org.uk) and ask to be added to the list. Your branch could also affiliate to Amnesty - for more information see <http://www.amnesty.org.uk/content.asp?CategoryID=10455>.

This may involve twinning you with another member of the Committee who can be an ongoing contact and reference point. Alison can be contacted at [acosgrove@eastlothian.gov.uk](mailto:acosgrove@eastlothian.gov.uk) or 01620 827246.

## Debt & Public Services Briefing

**U**NISON has teamed up with Oxfam to produce a detailed briefing looking at the issues surrounding debt and the impact on public services as part of the Jubilee Debt Campaign.

In developing countries, the provision of decent, accessible public services can mean the difference between life and death, yet these services are threatened by huge debt burdens and the damaging policies demanded by creditors. For more information and to get the full briefing visit <http://www.jubileedebtcampaign.org.uk/?lid=3704>
