HAVE YOUR SAY ON THE NEW PAY OFFER

After two days of successful action (in August and September) the employers have NOW offered 3% across the board this year (backdated to April) and 2.5% next year. They say it is their final offer. Its not a good offer - UNISON wants you to reject it. But we know that to get more will need much more strike action.

It's YOUR decision - so make sure YOU vote.

**The ballot opens on 22 October and closes 12
November**
