

## **PETITION FOR FAIR PAY**

We, the undersigned, support the Fair Pay campaign which calls for:

- Fair pay for council workers
- An end to the pay freeze in local government
- A Living Wage of at least £7.20 per hour

Name	Home address	Email address	<u>Signature</u>

UNISON, GMB and Unite unions have launched the Fair Pay campaign. Low pay is a serious issue in local government. In the last two years, local government workers have seen their living standards fall as pay remains the same while prices rise. <u>A pay freeze IS a pay cut</u>. This burden is heaviest on the lowest paid as rising power, food and transport costs mean they experience a real level of inflation far outstripping RPI. Fair Pay is a matter of justice, but it also makes economic sense as increased wages would boost local economies. We're calling for an end to the pay freeze and for a guaranteed Living Wage of £7.20 per hour for all staff.
