You are NOT part of the problem —

you are part of the solution!!

March & Rally against the Cuts

10 April 2010. 09.30 am.

Assemble—University Avenue, Glasgow

When politicians and media commentators continually attack the public sector and those who deliver vital services, our union, UNISON, stands up for us and the communities we serve.

Neither we, nor our service users caused the recession—we should not be the ones paying for the mistakes of high paid bankers!

Come along to the march and tell the politicians and the media:-

- ◆ **We provide essential services**—even more in demand during recession.
- ◆ **Public spending is vital to sustain economic recovery**—cuts will only prolong the recession
- ◆ **We can afford it**—UNISON has produced an alternative budget outlining how to pay for the crisis without cutting services.
